Great Things Happen When Creativity Reigns.

Guests enjoyed sips and snacks while pondering how to succinctly describe a life, a lesson, or a laugh in just six words. Larry guided us through exercises and encouraged complete and total freedom to interpret the task as we wished. Many were surprised by the power of brevity and how six words brought out bigger reflection than you'd think. Thank you to those who attended, and special thanks to the brilliant Larry Smith. If you enjoyed this workshop, make sure to check our website often for other upcoming creative events hosted by Masonic Homes and Acacia Creek. Happy writing!
